If you implement the advice the implementation fee could be \$2,000, of which \$260 is retained by Lifespan, \$1,740 is paid to Barwon Financial Advice Pty Ltd. If you maintained the investment and assuming the balance of the investment is \$100,000, the annual portfolio management & review fee will be \$800 per annum (assuming a fee of 0.80%), of which \$104 is retained by Lifespan, \$696 is paid to Barwon Financial Advice Pty Ltd. If the policy is cancelled in the first two years ('responsibility period') you will be liable for the portion of the commission clawed back.

If you take out a life insurance policy with an annual premium of \$1,500, assuming the highest commission for the Upfront Option is selected at 66%, the upfront payment to Lifespan would be \$990, of which \$128.70 is retained by Lifespan, \$861.30 is paid to Barwon Financial Advice Pty Ltd. The maximum ongoing commission for the Upfront Option is currently 22% per annum which could result in a payment of \$330 per annum for as long as the policy remains in force, of which \$42.90 is retained by Lifespan, \$287.10 is paid to Barwon Financial Advice Pty Ltd. How do I provide instructions?

Lifespan advisers will act on your instructions following your acceptance of their recommendations in your SOA. They and we should not act independently of your specific instructions (unless you decide to use Lifespan's MDA service). Instructions you provide should be communicated to your adviser in writing. These instructions should be forwarded in an email, fax or posted letter to your adviser.

Tailored, general and ongoing advice

Lifespan advisers usually provide advice tailored to your individual circumstances and also have the capacity to implement the advice they give, except where this may require the use of other professionals (for example accountants and lawyers). You may choose to enter into an agreement with your adviser to provide you with both initial advice and ongoing advice. If appropriate, we may also provide general advice only, where you are ultimately responsible for ensuring that this advice is suitable to your particular needs, objectives and financial situation. In this case, you should also obtain any relevant product disclosure statements to assist in this purpose.

Should I transfer investment monies to my adviser's account?

No. Lifespan does not allow advisers to receive your investment funds into their own account or into any Lifespan account. You should only transfer investment funds for a financial product to the approved financial institution that issues the financial product (as specified in the Product Disclosure Statement or similar document). You should never transfer investment funds to any other entity or person.

You should also not sign any blank forms or appoint your adviser as your attorney (or authorised signatory). You should not appoint any other person as your attorney or authorised signatory unless you have received legal advice.

What information should I provide to my adviser?

You will need to provide your adviser with your personal objectives and your current financial situation, including details of assets, liabilities, income and living expenses. This can best be accomplished by completing a Lifespan Client Data Form. The amount and type of information we will require from you depends on what financial services you require.

It is important that you provide us with complete and accurate information about your current personal circumstances and financial situation.

If you choose not to supply the required information or provide us with inaccurate information, the advice you receive may not be appropriate to your needs, objectives, and financial situation.

You should read the warnings contained in the SOA, check any assumptions we make and review the basis for our advice carefully before making a decision about whether to proceed with the advice. You should also obtain and read any relevant product disclosure statements prior to applying for a financial product.

How will I pay for the services provided?

Your adviser's specific method of remuneration and fees, including referral fees, are detailed in their Adviser Profile. The exact remuneration and fee details will be disclosed to you in your SOA.

All fees will be payable to Lifespan. If your adviser's remuneration includes commission paid by a product provider, such commission payment will be made to Lifespan. Lifespan retains between 0% and 40% of all commissions and fees we receive. The remainder is passed on to your adviser.

How are any fees, commissions or other benefits calculated for providing the financial services?

The three stages of financial planning are Initial Advice, Implementation, and further Advice. There is usually a separate fee for each of the three stages. Your adviser's remuneration structure for each advice stage will be found in their Adviser Profile and the dollar value disclosed to you in the SOA.

All commissions are payments made by the insurance product provider and are calculated as a percentage of the premium paid on insurance products. Commissions are of two types: (a) upfront or initial; and (b) renewal or trail.

Fees can be based on a percentage of funds invested or funds under advice, hourly rates multiplied by the hours worked, an agreed dollar amount for the value of the specific service being performed, or a combination of these.

The fees can be collected by platforms and other product providers.

The typical ranges of fee rates for investments and commissions for insurance products are as follows:

- › Upfront fees usually vary between nil and 5.5% of the investment amount, with superannuation related fees being capped at 5%. Example: \$100,000 investment using a platform may involve an upfront fee payment of, say, 3% or \$3,000, which could be deducted from your investment account and paid to Lifespan, leaving a net investment of \$97,000.
- › Ongoing fees typically range from 0.5% to 1.5% pa. Example: A portfolio of \$300,000 may be subject to an

ongoing portfolio review fee of 1% per annum paid quarterly. This would amount to \$3,000 per annum.

- › Upfront commissions can be up to 66% of the premium paid on insurance products.
- › Renewal commissions can be up to 33%.

All applicable fees and commissions will be agreed to with your adviser and disclosed in your SoA or other advice document.

What should I know about any risks of the investments or investment strategies you recommend to me?

Lifespan advisers may only recommend to you investment products that are researched, analysed and approved by Lifespan. Your adviser should explain any significant risks of investments and financial planning strategies. If the adviser does not do so, you should contact us to explain those risks to you.
